UNITED SIKHS, a non-profit, non-governmental, humanitarian relief, human development and advocacy organisation, was started in 1999 to help uplift minority and underprivileged communities.

OUR MISSION

To transform underprivileged and minority communities and individuals into informed and vibrant members of society through civic, educational and personal development programs, by fostering active participation in social and economic activity.

Our projects are based on the Sikh tenet of "Sarbat-Da-Bhela" (service for the good of all). UNITED SIKHS uses education as a tool to transform minority communities into informed individuals. We also engage in social and economic activity to uplift communities. Our civil and human rights advocacy projects help protect the integrity of minorities and the underprivileged.
